

Pressure Ratings

Body Material	Size	Flange Standard	Rating
Cast Iron Body	3" to 12"	ANSI B16.1 Class 125	200 PSI
		ANSI B16.1 Class 250	400 PSI
	14" to 24"	ANSI B16.1 Class 125	150 PSI
		ANSI B16.1 Class 250	300 PSI
Ductile Iron Body	3" to 24"	ANSI B16.42 Class 150	250 PSI
		ANSI B16.42 Class 300	500 PSI
Cast Steel Body	3" to 24"	ANSI B16.5 Class 150RF	285 PSI
		ANSI B16.5 Class 300RF	740 PSI
Cast Stainless Steel Body	3" to 24"	ANSI B16.5 Class 150RF	275 PSI
		ANSI B16.5 Class 300RF	720 PSI

Cast Iron Body is STANDARD, other materials available on special order.

ALSO available with BS4504, DIN or ISO PN10, PN16, PN25 or PN40 flanges.

Actual valve maximum working pressure may be less than pressure rating due to limitations of electric motor actuator which is selected based on operating conditions.
